

Contribution ID: 97

Type: ORAL

Influence of humification on bioavailable radiocesium concentrations in fallen leaves of Fukushima broadleaf forests

Conference topic

Terrestrial radioactivity

Author: TERASHIMA, Motoki (Fukushima Institute for Research Education and Innovation (F-REI))

Co-authors: Mr TAGOMORI, Hisaya (Kyushu Environmental Evaluation Association (KEEA)); Ms KITAZATO, Miho (Kyushu Environmental Evaluation Association (KEEA)); Dr SASAKI, Yoshito (Fukushima Institute for Research Education and Innovation (F-REI))

Track Classification: Terrestrial radioactivity
