Type: ORAL

Airborne ^{210}Pb and trace elements as tracers for atmospheric pollution in Helsinki metropolitan area

Conference topic

Radionuclides as tracers of environmental processes

Authors: IOANNIDOU, Alexandra (Aristotle University of Thessaloniki, School of Physics); Dr IOANNIDOU, Eleftheria (Aristotle University of Thessaloniki, School of Physics); Dr PAATERO, Jussi (Finnish Meteorological Institute (FMI)); Dr ELEFThERIADIS, Konstantinos (Environmental Radioactivity Laboratory, INRASTES, NCSR Demokritos); Dr MANOUSAKAS, Manousos Ioannis (Environmental Radioactivity Laboratory, INRASTES, NCSR Demokritos); Dr VESTENIUS, Mika (Finnish Meteorological Institute (FMI)); Dr PAPAGIANNIS, Stefanos (Environmental Radioactivity Laboratory, INRASTES, NCSR Demokritos)

Track Classification: Radionuclides as tracers of environmental processes
