

## Radionuclides in glacier mice and cryoconite on Icelandic glaciers

### Conference topic

Radionuclides as tracers of environmental processes

**Author:** KOŁTONIK, Katarzyna (Instytut Fizyki Jądrowej, Polskiej Akademii Nauk)

**Co-authors:** Dr SALA, Dariusz (Department of Mass Spectrometry, Institute of Nuclear Physics, Polish Academy of Sciences); Prof. ŁOKAS, Edyta (Department of Mass Spectrometry, Institute of Nuclear Physics, Polish Academy of Sciences); Mr RASZKA, Kamil (Faculty of Physics and Applied Computer Science, AGH University of Krakow); Mr WOJCIECHOWSKI, Kamil (Department of Mass Spectrometry, Institute of Nuclear Physics, Polish Academy of Sciences); Dr SAMOLEJ, Krzysztof (Silesian Centre for Environmental Radioactivity, Central Mining Institute - National Research Institute); Dr BONCZYK, Michał (Silesian Centre for Environmental Radioactivity, Central Mining Institute - National Research Institute); Prof. WACHNIEW, Przemysław (Faculty of Physics and Applied Computer Science, AGH University of Krakow)

**Track Classification:** Radionuclides as tracers of environmental processes
