

$^{135}\text{Cs}/^{137}\text{Cs}$ signals from Sellafield reprocessing plant: implications for radiocesium source terms and ^{135}Cs inventory in Northern European Seas

Conference topic

Radionuclides as tracers of environmental processes

Author: WANG, Tzu-Hao (Technical University of Denmark)

Co-authors: DAL MOLIN, Franck (UK Centre for Environment, Fisheries and Aquaculture Science (Cefas)); Mr BLOWERS, Paul (Cefas); HELDAL, Hilde Elise (Institute of Marine Research); QIAO, Jixin (Technical University of Denmark)

Track Classification: Radionuclides as tracers of environmental processes
