

Photonuclear Neutrons from Synchrotron Linac: Bridging Environmental Science and Isotope Technology at SOLARIS

Conference topic

Recent developments in analytical technologies

Authors: Dr WAWRZYNIAK, Adriana (SOLARIS National Synchrotron Radiation Centre); Dr BIERNAT, Jacek (SOLARIS National Synchrotron Radiation Centre); Dr SILARSKI, Michał (Marian Smoluchowski Institute of Physics, Jagiellonian University); MRÓZ, Tomasz (The Henryk Niewodniczanski Institute of Nuclear Physics)

Presenter: MRÓZ, Tomasz (The Henryk Niewodniczanski Institute of Nuclear Physics)

Track Classification: Recent developments in analytical technologies
