

Session Program

1-2 Dec 2025

Workshop on Research & Innovation in Poland

Session III: Neutron research in Poland and involvement to ESS

Institute of Nuclear Physics Polish Academy of Sciences, Auditorium
Walerego Eljasza-Radzikowskiego 152, 31-342 Krakow

Monday 1 December

16:10

Session III: Neutron research in Poland and involvement to ESS

Session |

Location: Institute of Nuclear Physics Polish Academy of Sciences, Auditorium, Walerego Eljasza-Radzikowskiego 152, 31-342 Krakow |

Convener: Ewa Juszyńska-Gałązka

16:10–16:40

Search for Physics Beyond Standard Model at European Spallation Source in Lund

Speaker

Adam Kozela

16:40–17:00

Neutron diffraction studies of the spin reorientation transition in functional oxides

Speaker

R. Przeniosło

17:00–17:20

Barocaloric, topological and heavy-fermion systems - current research and the potential of neutron techniques in their extension.

Speaker

Tomasz Toliński

17:20–18:00

Atomic and Fundamental Physics

Speaker

tbc

18:25
