Lévy-stable two-pion Bose-Einstein correlations in $\sqrt{s}=200$ GeV Au+Au collisions

Tuesday, 22 May 2018 14:00 (23 minutes)

Presenter: LÖKÖS, Sándor (Eötvös University, Budapest and Eszterházy University, Gyöngyös)

Session Classification: Femtoscopy in A+A, p+p, p+A and e+e- collisions at relativistic energies
