

XIII Workshop on Particle Correlations and Femtoscopy

Wednesday, May 23, 2018

Femtoscopy at intermediate energies: links to the EoS of asymmetry nuclear matter (11:00 AM - 1:00 PM)

-Conveners: Giuseppe Verde

time	[id] title	presenter
11:00 AM	[39] Dynamics and symmetry energy research at intermediate energies	DANIELEWICZ, Pawel
11:30 AM	[40] Probing the equation of state of neutron stars with heavy ion collisions	CHAJECKI, Zbigniew
12:00 PM	[41] Measurement of long-range azimuthal correlations in proton-proton and proton-lead collisions with ATLAS	BEHERA, Arabinda
12:30 PM	[42] Tests of the Supernova Equation of State using Heavy Ion Collisions	HAGEL, Kris
