

Superconductivity: Superconductors Properties and their Application in Science

Wednesday, 10 December 2014

Session 4: Infrastructures for research in superconductivity - Lecture theatre (09:00 - 11:00)

-Conveners: Dariusz Bocian

time	[id] title	presenter
09:00	[5] Thermodynamic aspects of superconducting infrastructure cooling processes	Dr FYDRYCH, Jaroslaw
09:30	[6] Design and operation of cryogenic test facilities - on the basis of CERN infrastructure	Mr BRODZINSKI, Krzysztof
10:00	[12] Design and operation overview of cryogenic infrastructure for XFEL's superconducting cavities test stands	Mr GAJ, Wawrzyniec
10:30	[7] Cryogenic test stand design for superconducting magnets and RF cavities test at IFJ PAN	Mr CIESLIK, Tomasz Dr SULEK, Zenon
