

Multiscale phenomena in molecular matter

Friday 10 July 2015

Biology Oriented Molecular Matter: Biology Oriented Molecular Matter (10:10-11:10)

time	[id] title	presenter
10:10	[22] pH induced structural polymorphism in DNA-phospholipid-additive complexes	Prof. UHRÍKOVÁ, Daniela
10:40	[23] Neutrons and Model Membranes: Moving Towards Complexity	Mrs FRAGNETO, Giovanna

Biology Oriented Molecular Matter (11:30-12:00)

time	[id] title	presenter
11:30	[72] Biology in four dimensions – the contribution from modern synchrotrons	Mr LUNDQVIST, Tomas
