

Dear Colleagues,

We are pleased to invite you to the conference **Superconductivity & Particle Accelerators** being held in Krakow at The Henryk Niewodniczański Institute of Nuclear Physics Polish Academy of Sciences (IFJ PAN) on

October 21-24, 2024.

The conference will be the 5th in a series of international conferences that is devoted to the research and advancements in the field of superconductivity and its applications in science and technology, with a special focus on particle accelerators and other large scale applications.

The main topics of SPAS 2024 are:

- Large Scale Accelerator Facilities,
- Superconductors - Materials and Technologies,
- Superconductivity in Fusion Technology
- RF for Accelerator Technology,
- Cryogenics for Accelerator and Fusion Technology.

The conference is organized in hybrid mode.

POLISH ACADEMY OF SCIENCES

Superconductivity & Particle Accelerators

21-24 October 2024, Krakow, Poland

An invitation to attend the Conference

ul. Radzikowskiego 152
31-342 Kraków, Poland

Conference organized by:

The Henryk Niewodniczański Institute of Nuclear Physics Polish Academy of Sciences, Krakow, Poland.

The conference will be held under the honorary patronage of the IFJ Institute's Director General prof. dr. hab. Tadeusz Lesiak.

Program:

- Large Scale Accelerator Facilities
- RF for Accelerator Technology
- Cryogenics for Accelerator and Fusion Technology
- Superconductivity in Fusion Technology
- Characterization of Superconductors

Publication:

The best papers presented at the conference will be published after the standard peer review and editorial procedure in a special issue of *Cryogenics*. The rest papers will be published in the selected Polish JCR journal.

Associated events:

Partner and Industry Day

Venue:

We welcome you to Krakow, former capital, seat of Polish kings, one of oldest and most beautiful cities in Poland.
