## OVERVIEW

The meeting is addressed to students and young researchers (up to 7 years after PhD degree) who are interested in solid state physics. The conference is devoted to condensed matter topics concerning structure, dynamics, relaxation, magnetism, acoustics and other properties as probed by various experimental techniques and theoretical tools within a broad range of time- and length-scales.

The conference will involve the following sessions:

1. Soft matter and glass formers.
2. Molecular magnets and nanomagnets.
3. Multifunctional materials.
4. Surfaces and interfaces.
5. Computational physics.
6. Miscellany (biologically oriented systems, defect studies, new ideas, advanced methods,...).

## PROGRAMME

Oral contributions (12 min + 3 min discussion).  
Flash talks (5 min).  
Poster sessions.

## IMPORTANT DATES

Start of registration: **March 1, 2023**  
Deadline of abstract submission: **May 31, 2023**  
Notification of conference schedule: **June 13, 2023**  
End of registration: **July 1, 2023**

## CONFERENCE FEE

The conference fee is 20 € (EUR) for all presenting authors (oral and poster presentations).

The conference fee is waived for all non-presenting participants and authors with Ukrainian affiliations.
